
16TH Multidimensional Chromatography Workshop

SCSC Poster Awards

The SCSC

- American Chemical Society (ACS)
- Analytical Division (AD)
- Subdivision on Chromatography and Separations Chemistry (SCSC)
- Check us out on LinkedIn!

The SCSC Poster Prizes

- The ACS SCSC sponsors two Multidimensional Chromatography Poster Awards, each with a value of \$250 USD provided directly to two winners
- 42 Posters!
- Thank you to our judges for their work!

Multidimensional
Poster
Prize (Monday)

Rick van den Hurk, University of Amsterdam

*P-2: Overcoming the modulation challenges in
two-dimensional liquid chromatography*

Multidimensional
Poster
Prize (Tuesday)

Thibault Massenet, University of Liège

P-25: Breath sampling and patient considerations for clinical implementation: a comparative study

Looking for Hands-On Training in 2D-LC?

Consider the *Multi-Dimensional Chromatography Institute* at Gustavus Adolphus College

mdci.multidlc.org

Three-day hands-on course focused on two-dimensional liquid chromatography

- 1.5 days of interactive classroom instruction and discussion covering theoretical principles, practical guidelines, and application examples
 - Introduction to a variety of simulators and tools to support method development
 - 1.5 days of lab time for introduction to state-of-the-art 2D-LC instrumentation and software
- Next course in late spring, 2025
 - Watch for announcements on the Institute website, and LinkedIn

HPLC 2025 BRUGES

BELGIUM

June 15-19, 2025

Gembloux Agro-Bio Tech
Espace Sengor

5^{ème} École Thématique du Club Jeunes

« L'exploration multidimensionnelle: quand les données prennent une nouvelle dimension ! »

Du 3 au 6 juin 2025 au Lavandou (83)

Comme chaque année, nous aurons la chance d'avoir parmi nous des **Professeurs Invités, Experts dans différents domaines d'application**, pour nous proposer des **Short Courses**

L'évènement sera rythmé par des **Présentations Jeunes**, des **Présentations Industrielles** et des **moments de convivialité** !

Conférencier
s invités :

Thomas Dutriez
(Givaudan, Genève)

Morgan Sarrut
(Syensqo, Lyon)

Karine Faure
(Institut des Sciences
Analytiques, Lyon)

Meriem Gaida
(Luzi, Zurich)

Infos inscriptions et
programme à venir

Participation gratuite*
pour les membres du club**

17TH Multidimensional Chromatography Workshop **SHORT COURSE**

📍 **WILLIAMSBURG, VA**

📅 **JANUARY 12, 2026**

This course is intended to be a primer to the workshop for those who are looking to explore an introduction to multidimensional chromatography (gas and liquid) as a new option/capability, or who might be using it for the first time. Further details available:

www.multidimensionalchromatography.com/short-course
